- Case presentation / quiz *Barbara Teuchner*
- Case presentation / quiz *Delphine Bifrare*
- Case presentation /quiz *Giovanni Milano*

Discussion 15min

2nd Session: 17.45h -19.30h Moderators: Ananth Viswanathan, Stefano Miglior

- 1) Ganglion cell rescue in glaucoma *Jonathan Crowston*
- 2) OCT angiography in experimental optic nerve damage *Bal Chauhan*
- 3) From the bench to the bedside *Stefano Gandolfi*

Discussion 15min

- 4) Melanopsin and vision *Dan Milea*

Discussion 10mn

- 5) Challenges in communication between innovative industry and doctors *Gunilla Norrgren*

19.30h Welcome Drink at the "les Salons du Mont Cervin Hotel"

Friday 26.1.2018

Friday morning

1st session 8.15h -9.15h Moderators: Andy McNaught, Constantin Gugleta

- 1) Normal tension glaucoma *Jonathan Crowston*
- 2) Glaucomatous optic neuropathy leading to secondary vascular jeopardy *Selim Orguel*
- 3) Risk, resource and responsibility *Ananth Viswanathan*

Discussion 15 min

2nd session 9.15h -10.15h Moderators: Selim Orguel, Ingeborg Stalmans

- 1) Should we perform macular scans in ALL glaucoma patients? *Reinhard Burk*
- 2) Staging of damage: structure versus function *Francesco Oddone*
- 3) Progress in integration structure and function *Bal Chauhan*
- 4) New insights into structure function relationship in glaucoma by adding oxygen extraction data *Leo Schmetterer*

Discussion 15 min

10.45h-17.00h Discussion in small groups, Work-shops

Friday after-noon 17.00h -19.45h

1st session 17.00h - 18.15h Moderators: Clemens Vass, Stephan Estermann

- 1) How to interpret corrected applanation tonometry values *Christoph Kniestedt*
- 2) Did the results of the EAGEL study change my attitude in AC or ACG? *Stefano Miglior*

Discussion 15 min

2nd session 18.30h -19.30h Moderators: Mario Zulauf, Constantin Gugleta

- 1) Is standard automated perimetry a gold standard or should we move somewhere else? *Paolo Fogagnolo*
- 2) Hemodynamic in Glaucoma *Herbert Ratsamer*
- 3) High myopia in glaucoma: is the management different than in emetropic POAG? *Annémie Stevens*
- 4) When to suspect other than glaucoma? *Dan Milea*

Discussion 15min

Saturday 27.1.18

Saturday afternoon

1st session 16.45h -17.30h Moderators: Milko Iliev, Cornelia Hirn

- 1) Electrostimulation, a critical overview *Clemens Vass*
- 2) Rho-kinase; alone or in combination, the solution? *Gerhard Garhofer*
- 3) Will screening become feasible for glaucoma relying on deep learning? *Leo Schmetterer*

Discussion 15min

2nd session: 17.30h -18.15h Moderators: Emilie Ravinet, Andy McNaught

- 1) How to teach surgery? *Andy McNaught*
- 2) Eye Watch: update on 18months follow-up *Sylvain Roy*
- 3) MIGS: a critical review of current data *Antonio Fea*

3rd session: 18.30h-19.30 Moderators: Emilie Ravinet, Andy McNaught

- 1) My most challenging surgical case *Ingeborg Stalmans*
- 2) My most challenging surgical case *Alain Bron*
- 3) My most challenging surgical case *Luciano Quaranta*
- 4) My most challenging surgical case *Milko Iliev*

Discussion

19.45 End of the meeting
